

Joshua Project

is a **non-profit community based project** which focuses on **providing support to vulnerable children and youth** in Jeffreys Bay.

It was established in 1998 and now serves as a **Drop - In Center**, a facility providing basic services aimed at meeting the emotional, physical and social development needs of vulnerable children and youth.

One of our main focus areas is providing **educational support** and the tools we use to do this include:

AET program - a multi-media educational program used to facilitate learning in the two foundational learning areas of communication and mathematical literacy which allows learners to achieve an NQF1 certificate in these learning areas.

Homework support - we provide one-on-one assistance with homework and school projects.

WHAT ARE WE DOING AT JOSHUA PROJECT?

M.E.N.D.

- Mentor - Educate - Nurture - Disciple -

We **nurture** vulnerable children and youth by providing them with physical and emotional care.

We **educate** and provide skills development opportunities.

We **mentor** and **disciple** through various activities.

Jer 29:11

“For I know the plans I have for you declares the Lord, plans for welfare and not for evil, to give you a future and a hope.”

The Joshua Project has developed into a **safe haven** for vulnerable children and youth where they receive love, support, education, and skills development opportunities.

Through **consistent relationships** and **education-based programs**, we seek to help these children and youth to realize and develop their unique talents; to become healthy, responsible adults and a productive part of the work force and community; and most importantly, to discover their value as a child of God created for a specific purpose.

Project Beneficiaries

Vulnerable children and youth at risk in Jeffrey's Bay (6-18 years)

Children and youth living on the streets of Jeffrey's Bay

The Community of Jeffrey's Bay

Our goals are:

- To be an agent of restoration, instrumental in children's emotional healing
- To teach children skills and develop their individual gifts
- To nurture vulnerable children and youth in our community
- To challenge community churches, businesses and organisations to take a serious interest in the spiritual, emotional and social development needs of vulnerable children and youth
- To teach and develop the children to become literate and successful in life
- To develop fully equipped staff and programs for vulnerable children and youth
- To see children set free from drug and substance abuse

Management

The Project is directed by a team representative of the community of Jeffreys Bay and is managed by a project leader and a team of ministry leaders and assistants. Financial reports, monitoring and evaluation are part of their responsibilities.

Funding Requirements

The Project needs **R15 000** per month to be fully effective and function at optimum potential. Joshua Project is a registered Non Profit Organisation and is dependent on funding from churches, local business, local government as well as provincial government and other organisations as part of their social responsibility and any financial contribution would be appreciated. Annual audited reports are available on request.
