## HOME SmartHome

1. Subject to infrastructure and customer availability.
2. Specific terms and conditions apply for Telkom calling plans, internet, SmartPlan, mobile data and WiFi. Free devices for ADSL, FTTH and LTE offers are subject to a 24-month contract. Actual product(s) might differ from that in the pictures.
3. All applications are subject to infrastructure/coverage and advertised speed availability at the installation address that, in some instances, may only be determined once a technician performs a site visit.

4. Customer premises must be ready for installation, i.e. there is an entry pipe from the boundary of the property up to the house, ducting is available inside the house and there is an electricity supply point available for the equipment to operate.
5. Services ordered through our Call Centre will receive the associated bundle equipment via home delivery, provided that the delivery address is correct and that the customer is available and present at the address to accept such delivery on the agreed appointment date. Customers opting to self-install should do so within seven working days of application approval and report any line failure or out-of-box equipment failure during that same time period, failing which it is presumed that the installation was successful and is fully operational.
6. No migration allowed between SmartHome plans.
7. Early termination of a contract will attract applicable penalties, including devices that were free and part of a bundle.
