

5 IN 1-LIPO TREATMENT

SHAPE YOUR BODY

lose centimetres overall with measurable results after only one session

SHAPE & BEAUTY
THE FAT FREEZE CLINIC

The 5 IN 1-LASER LIPO Slimming Revolution!

Cutting edge technology, specifically designed to target STUBBORN FAT and CELLULITE, strengthen sagging muscles & skin, exclusive to The Fat Freeze Clinic - SHAPE & BEAUTY in SOUTH AFRICA!

The 5 In 1-LASER-LIPO features a total of 28 highly effective treatment pads that can be positioned on any area of the body such as chin, arms, tummy, hip, outer/inner thighs, buttocks, calves, knees...

This is a big advantage over other devices as larger overall body areas are treated in a single treatment with the benefit of reduced treatment time and cost.

The innovative design further features 5 well studied and effective fat reduction technologies emitted simultaneously through the treatment pads to maximize the treatment results.

The 5 IN 1-LASER LIPO delivers quick visible results in a single, fast, effective treatment.

SYNERGY of 5 TECHNOLOGIES in 1 SYSTEM

Ultrasonic-cavitation

Controlled and targeted low frequency ultrasonic soundwaves shatter the fat cells

Laser-lipolysis (Laser-Lipo)

Controlled and targeted low level laser beams trigger the release of fat from the fat cells

Electro-lipolysis

Controlled and targeted electro impulses trigger the release of fat from the fat cells

Electro-stimulation

Small micro-currents stimulate the muscles which burn the released fat leading to increased muscle mass, which tightens loose muscle and skin tissue (just as a normal physical workout)

Lymphatic-drainage

Controlled muscle stimulations generate a pumping action to effectuate lymphatic drainage

for Revolutionary Results:

REDUCE TIGHTEN SMOOTH TONE DRAIN

Money Back Guarantee:

You will lose visible centimeters as from your first treatment! We will give you **100% of your money back** on NO centimeter loss on your first treatment.

*Must follow Pre and After Care Guidelines.
